**VINTAGE NOTES**

The 2016 vintage was warm and consistent. The fruit was harvested earlier than normal and this resulted in fresh and elegant fruit characters. In general the white wines display fresh varietal fruit with lifted, aromatic primary fruit flavours. The free-run juice was produced using a very gentle pressing cycle to a stainless steel fermentation vessel. Neutral yeasts were used to create a wine of purity and elegance.

**ANALYSIS**

Alcohol 12.0%, pH 3.15, TA 7.40 g/L.

**TASTING NOTES**

<b>Colour</b>	A vibrant wine of bright straw, with green notes.
<b>Aroma</b>	Floral notes of jasmine, rose petals and orange blossom.
<b>Palate</b>	A native variety of North-West Italy, this wine shows a beautifully dry and textured palate of stone fruit and roast almonds. Fine, limey acidity and savoury spice add to a unique wine, perfect with seafood, white meats or antipasto.

**CELLARING**

Best drunk over the next three years.
