

ANDREOLA

Prosecco in Valdobbiadene

VALDOBBIADENE
LAND AND HERITAGE OF PROSECCO

THE ESTATE

VALDOBBIADENE LAND AND HERITAGE OF PROSECCO

- Located in the heart of the traditional production area of Prosecco DOCG of Valdobbiadene
- Owned vineyards : 70 hectares / 173 acres
- Key word: **Valdobbiadene DOCG**
- Mission: a continuous research and improvement of quality, respecting and understanding the land of origin and the heritage of Prosecco

70 HECTARES

173 ACRES

THE HISTORY

TRADITION AND DYNAMISM

A family property founded and managed by Nazareno Pola **since 1984**. Today owned and managed by Nazareno's son, Stefano Pola, who decided to combine tradition with modernity

1980s and 1990s

the continuous search and acquisition of vineyard with specific productive criteria

2000s

investment in new machinery and technology in order to produce the unique style of Andreola's wine

2009 – 2010

the total renewal of image and packaging in order to transmit not only from its wines, the quality Andreola's product and the Prosecco Valdobbiadene DOCG production

2012-2014

start and completion of the new modern cellar

2014 - 2016

partnership with Autodromo Nazionale di Monza, and launch of Monza Collection Limited Edition to celebrate the GP Formula 1

2016

launch of the Rive Selection product line: the importance of the concept of a single "vigna"

PRODUCTION AREAS OF THE VALDOBBIADENE-CONEGLIANO DOCG

LAND OF ORIGIN

THE PRODUCTION AREA VALDOBBIADENE-CONEGLIANO DOCG

3.600
HECTARES

8.900
ACRES

- Conformation: hillside to low mountains
- Production area: ca. 3.600 hectares – 8.900 acres
- Altitudes: between 50 to 500 m a.s.l.
- Cartizze: micro-area of 106,8 hectares (261 acres) selected for producing wines of Valdobbiadene Prosecco Superiore di Cartizze
- Strengths: a unique soil composition (clay and sand) combined with gentle to steep hillside locations, allowing temperature variations between night and day

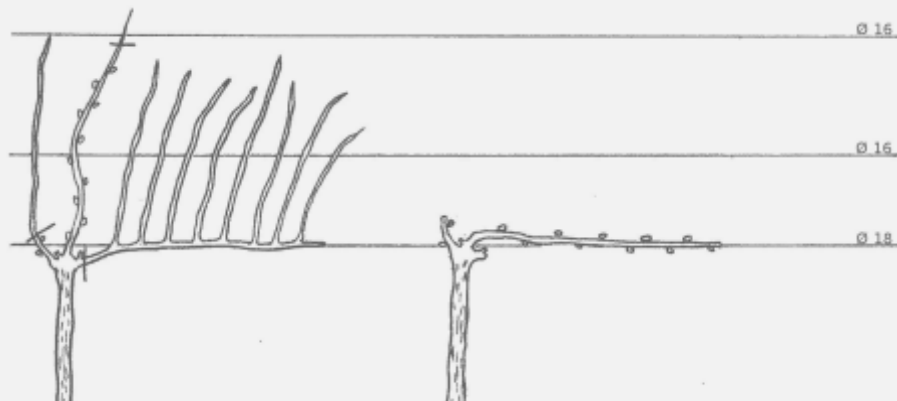

Production

Vineyard Managament

RESEARCHING THE MOST TRADITIONAL
AND RESPECTFUL EXPRESSION OF PROSECCO

- No addition of other grape varieties rather than glera and the other indigenous allowed types
- Vineyard training: “cappuccina”
(tradition technique of Valdobbiadene)
- Harvest: usually between September & October
- Grapes picking: manual

Production Cellar Managament

RESEARCHING THE MOST TRADITIONAL
AND RESPECTFUL EXPRESSION OF PROSECCO

- Soft pressing of grapes
- Temperature controlled fermentation
- Fining process of all wines in stainless steel tank
- Use of the charmat method, with the addition of selected natural yeasts
- Bottling and fining process in dry and temperature controlled environments

The New Cellar

TECHNOLOGY AND INNOVATION AT THE SERVICE TRADITION

The building of a new cellar will allow the estate to fully:

- Control through technology all parameters of fermentation
- Optimize production times
- increased production capacity of by 30-40%

INCREASED
PRODUCTION
CAPACITY OF BY

30-40%

DOCG

RIVE SELECTION

IS THE MOST AUTHENTIC VALDOBBIADENE PROSECCO SUPERIORE,
CONTROLLED AND GUARANTEED DENOMINATION OF ORIGIN, BY ANDREOLA.

A selection of three sparkling wines encapsulates the fundamental qualities of Andreola:

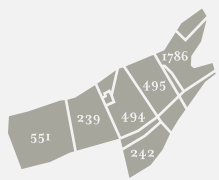

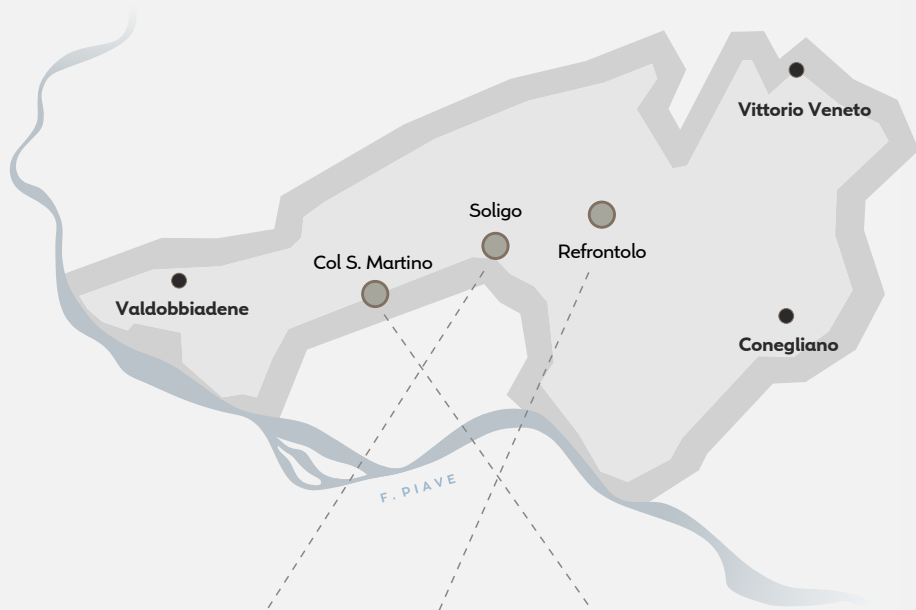

Unique wine produced from grapes grown exclusively in individual areas and vineyards distinguished throughout history for the type of terrain, position and elevation: these are Rive di Col S. Martino, Rive di Soligo and Rive di Refrontolo

Heroic viticulture still carried out by hand due to the rugged steep slopes involved, hence the definition “heroic” or “mountain” viticulture

Superior quality of one of the best known and most popular sparkling wines in the world, a symbol of Italian style and a territory now proposed to become a UNESCO World Heritage site
