

MASTERPEACE SAUVIGNON BLANC

masterpeace

The palate is vibrant and full of energy, showcasing an immediate burst of crisp green apple that gives way to layers of juicy tropical fruit. Pineapple and ripe passionfruit dominate, supported by subtle hints of guava and a touch of citrus zest that lift the flavour profile. A lively line of acidity runs through the wine, delivering freshness and precision, while the finish lingers with a refreshing, mouth watering crispness that invites another sip. On the nose, the wine is equally expressive, opening with an aromatic medley of passionfruit, pineapple and ripe melon, underpinned by delicate floral notes and a whisper of fresh herbs. This combination of intense aromatics and vibrant fruit makes for a wine that is both refreshing and immensely enjoyable.
