

MASTERPEACE PINOT GRIGIO

masterpeace

A clear, pale straw coloured wine that immediately captures the eye with its brightness and clarity. On the nose, it offers an inviting burst of tropical aromas, led by ripe lychee and juicy passionfruit, layered with subtle hints of pear and delicate florals that add lift and complexity. The first sip reveals a palate that is vibrant and refreshing, where a gentle touch of citrus zest weaves seamlessly through the tropical fruit core, creating a lively interplay of flavours. The acidity is beautifully balanced, offering both freshness and structure without overpowering the fruit. As the wine lingers, a crisp tropical character persists on the finish, leaving the mouth clean, invigorated, and eager for another taste. This Pinot Grigio is both elegant and approachable, making it a versatile choice for pairing or simply enjoying on its own.
